All Clients/Members

Sir/Madam,

Subject: Display of Available Bullion Stock on IIDI Website for Enhanced Market Transparency

In furtherance of our ongoing commitment to enhancing transparency and operational efficiency in the bullion market, we have initiated the display of available stock balances of physical bullion on our designated website (<https://iidi.co.in/>). This development aims to provide buyers with timely and accurate information regarding the available inventory of bullion in various vaults across locations.

The objective of displaying the available bullion stock on our website is to empower buyers to make informed decisions when purchasing bullion at their designated locations. By providing these details in the public domain, we seek to promote greater market transparency, improve investor confidence and facilitate smoother bullion transactions.

Buyers and market participants are requested to visit the IIDI website at regular intervals.

The available stock information can be accessed on the IIDI website at the following link: <https://iidi.co.in/stock-report.html>

Note: The display of available bullion stock is now live and will be updated at the end of each working day.
